JUnit Test Methods

@Test

Test Method

JUnit Annotations (Basic)

- @Test
- @Before
- @After
- @BeforeClass
- @AfterClass
- @Ignore
- @Test(expected = Exception.class)
- @Test(timeout = 100)

@Before

@Test

@After

*It's like a JUnit burger!*

Before And After

@Before

Method

@Test

Test Method

@After

Method

BeforeClass and AfterClass

@BeforeClass

Static Method

@Before

Method

@Test
(annotation)

Test Method

@After

Method

@Before

Method

@Test
(annotation)

Test Method

@After

Method

@AfterClass

Static Method

Exception Testing

@Test(expected = Exception.class)

Test Method

Timing Out

@Test(timeout = 100)

Test Method

Assertions (Basic)

- **assertArrayEquals**
- **assertEquals**
- **assertTrue**
- **assertFalse**
- **assertNull**
- **assertNotNull**
- **assertSame**
- **assertNotSame**
- **fail**

Up Next

We'll be covering some advanced JUnit topics
